

Coordination
of Business Activities
on your mobile

If you are a contractor or subcontractor, eMobiliza is the App that, in a simple way, allows you

KNOW YOUR SITUATION C.B.A IN YOUR CUSTOMERS

eMobiliza allows you multiple features in real time from your mobile. You can consult and manage, anywhere and anytime, the information about coordination of workers and equipments required from your clients. You can also check the accreditations and the activities to be carried out, manually or through QR codes and NFC chips.

Management with eMobiliza is done graphically and intuitively to make your work more comfortable. Moreover the documentation of a worker, equipment or machinery can be downloaded on your mobile to always have it handy.

**More agility and
efficiency in C.B.A
management!**

WHAT CAN YOU DO WITH EMOVILIZA?

Check if my workers or equipments comply with the required **documentation to access** the work centers of my clients where they carry out their activities
